EXPERIENCE

- Apprentice Trainee — Chennai Petroleum Corporation Limited (CPCL) [Mar 2026 – Present](#)
- Full Stack Web Development Intern — 8Queens [Dec 2024 – Jan 2025](#)

PROJECTS

Turf Booking System (Academic Project)

- Languages:** HTML, CSS, JavaScript, Python, Flask, MySQL
- Developed a web-based turf booking system that allows users to easily find and book turf facilities. Users can search for a specific turf or find nearby available turfs, select a suitable date and time slot, and confirm their booking.

Alpha Electric & Electronics

- Languages:** HTML, CSS, JavaScript, Python, Flask, MySQL
- Developed an e-commerce web application with separate User and Admin portals. The User portal allows customers to browse electrical and electronic products, add items to the cart, and place orders. The Admin portal allows authorized administrators to manage products by adding, editing, and deleting items, as well as viewing customer orders. Implemented user authentication and authorization to secure portal access.

EDUCATION

- MCA – Master of Computer Applications (Distance Education)**
SRM Institute of Science and Technology | 2026–2028 (Currently Pursuing)
- BCA – Bachelor of Computer Applications**
Patrician College of Arts & Science | 2022–2025
